

Caséta by LUTRON

Discover the power of smart lighting

Why choose Caséta?

Welcome Home
to **Peace of Mind**

A smarter timer* — your customers will always come back to a well-lit home

- Set timer once and never have to reset it again
- Timer schedules automatically adjust when seasons change
- No reprogramming for daylight saving or power outages

*Not only does the Smart Bridge provide a smarter timer, it also offers app control, and so much more. See pages 10–11 for details.

A hassle-free 3-way**

- Add 3-way or multi-location control without needing to wire another switch
- Easily add additional points of control at any time
- Mount remote on any surface for an additional point of control, without cutting holes
- Get in and out of a job fast

**See page 6 for tips on how to promote the use of Pico remotes.

How to do it:

Step 1

Install Caséta dimmers

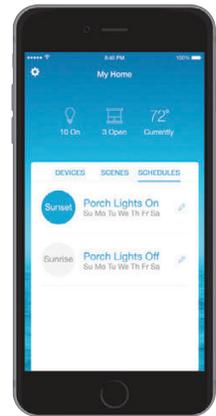

Step 2

Plug Smart Bridge into Wi-Fi router

Step 3

Download FREE Lutron App and program timed events

How to do it:

Step 1

Install Caséta dimmer

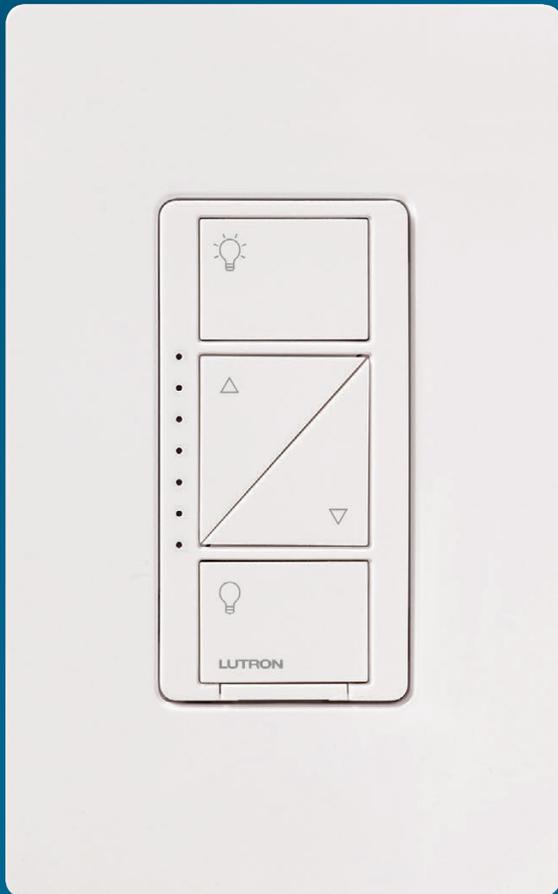

Step 2

Mount Pico remote

Product information

Controls wall and ceiling lights

Dimmer

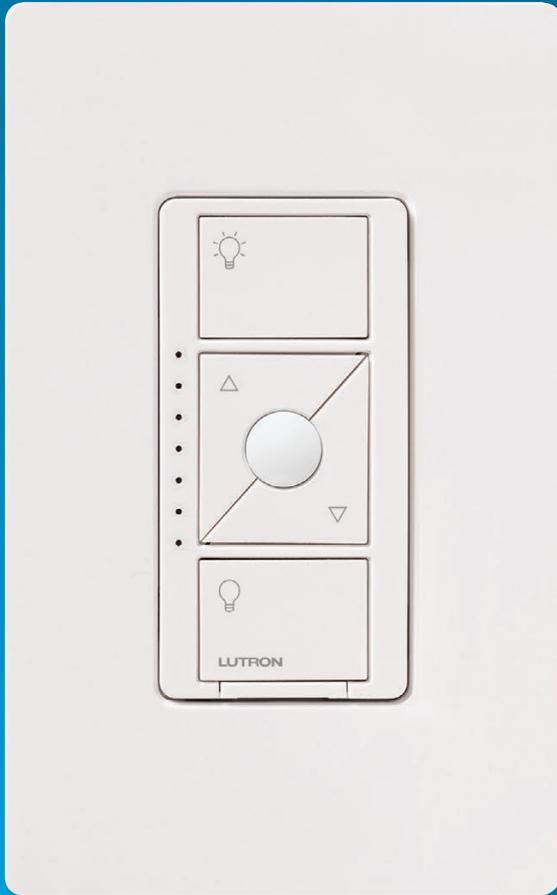

- Doesn't require a neutral wire — ideal for retrofit or new construction
- No polarity for line or load wiring — mistake-proof wiring
- Works with compatible dimmable LEDs (up to 150W), and incandescent and halogen bulbs (up to 600W)
- Use Pico remotes for additional dimmers in 3-way or multi-location dimming applications

Dimmer PRO

- Works with approved dimmable LEDs (up to 250W), and incandescent and halogen bulbs (up to 1000W)
- Also works with MLV lighting (up to 1000VA)
- Compatible with Lutron LTE LED drivers, PHPM, and GRX-TVI interfaces
- Neutral wire optional (required for MLV and drivers/interfaces)
- Use Pico remotes or existing toggle switches in 3-way or multi-location applications
- Only available to the Pro's

Caséta works with energy-efficient, dimmable light bulbs

- UL Listed to dim over 600 different LED light bulbs. The list of compatible bulbs is available at **CasetaWireless.com**.
- Patent-pending technology ensures superior performance with dimmable LEDs, as well as halogen and incandescent bulbs. You can even use different light bulb types with the same dimmer.
- Questions about LED control? The Lutron LED Center of Excellence is the industry resource for LED control: 1.877.DIM.LED8 or LEDSD@lutron.com.

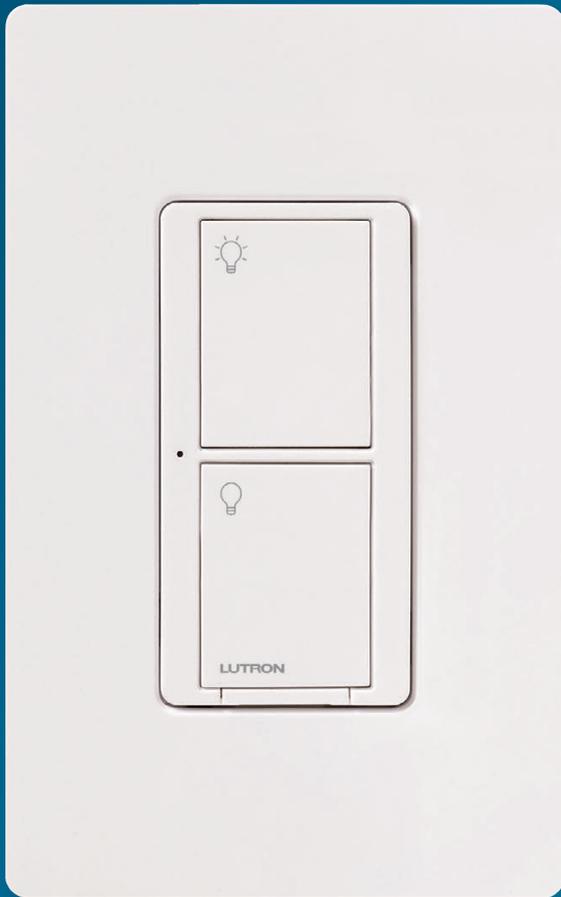

Controls ELV,
LED, and more.

Dimmer ELV+

- Works with all load types — dimmer is phase selective
- Favorite button for preset level on dimmer (matches Pico remote)
- 500W ELV/INC/HAL
- 400W MLV
- 250W LED
- Neutral wire required
- 10W minimum load
- Use Pico remotes for additional dimmers in 3-way or multi-location dimming applications

Product information

Controls wall and ceiling lights,
as well as general purpose fans

Neutral switch

- Neutral wire required — provides higher capacity and 10W minimum load or one LED bulb
- Use Pico remotes or existing toggle switches in 3-way or multi-location switching applications

Switch PRO

- Dual voltage — works in 120V and 277V applications
- Doesn't require a neutral wire
- Minimum load cap included (for switching LED, CFL, and ELV loads)
- Use Pico remotes or existing toggle switches in 3-way or multi-location switching applications
- Only available to the Pro's

Controls table and floor lamps

Lamp dimmer

- Features two receptacles for simultaneous control of two lamps
- Simply plugs into a standard wall receptacle
- Works with dimmable LEDs (up to 100W)
- Also works with halogen and incandescent bulbs (up to 300W)
- First lamp dimmer added to Smart Bridge acts as a Clear Connect range extender — provides 30ft. of additional range (limit one per system)

Product information

Use Pico mounted to a tabletop pedestal, clipped to a car visor, or mounted to a wall.

Tabletop pedestal

Car visor clip

Wall-mounting kit

Promoting the Pico

Don't forget to emphasize the ease of adding 3-way control with a Pico. Make sure to stress that you won't have to climb into their attic or other tight space to run wire and cut holes.

Pico remote control

- Provides convenient remote control
- Add a light switch without having to wire anything
- Battery powered — features a 10-year battery life
- Works with Caséta dimmers, switches, and wireless shades

3-scene control

2-group switch control

Dimming control

4-button Pico remote control PRO

Choose from three options

- 3-scene control — create three different scenes, as well as turn all lights off
- 2-group switch control — control two groups of lights independently from one another
- Dimming control — same functionality (full on/off and raise/lower) as standard Pico remote control, but in a 4-button aesthetic
- Only available to the Pro's

Note: light/shade and shade-only 4-button remotes also available

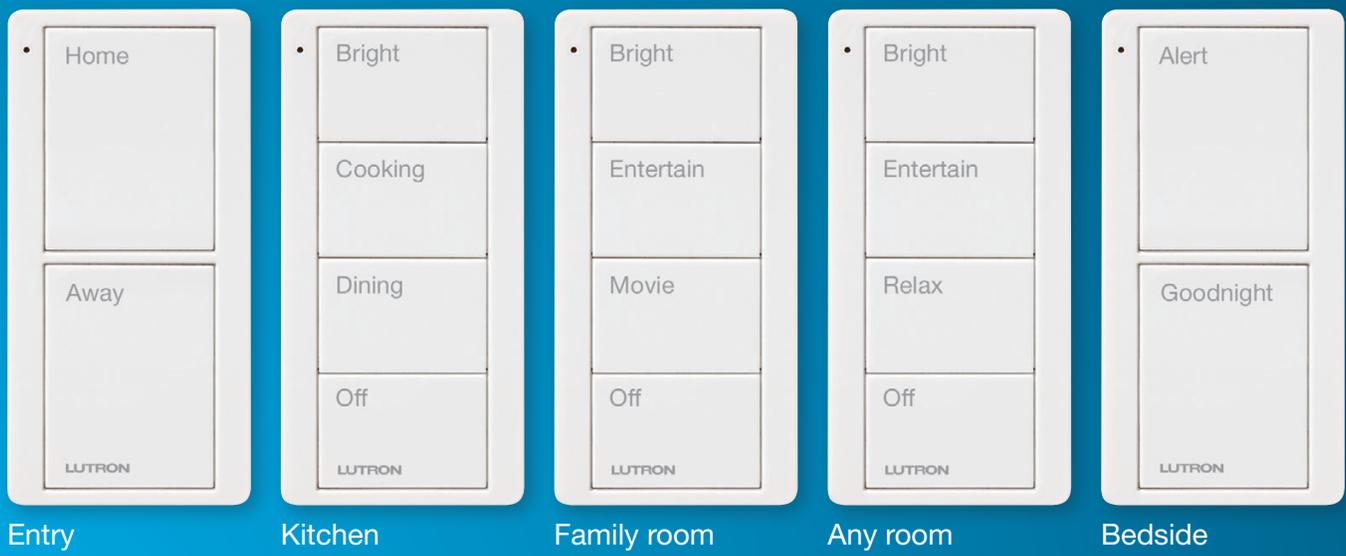

Visit lutron.com/pico for information on model numbers and engraving options

Product information

Pico remote control for audio

- Controls any model Sonos speaker(s) from anywhere around your home
- Play/pause, skip tracks, raise/lower volume, and select your favorite playlist or station
- Smart Bridge or Smart Bridge PRO required
- 10-year battery life

Pico scene keypad

- Provides access to scene control with the touch of a button
- Keypad automatically programs when added to room in app
- Each button is individually configurable for multiple lights and shades, as well as for audio
- Pre-engraved buttons for typical scenes/activities
- 2- or 4-button options available
- Only available to the Pro's

Product information

Get started in 3 simple steps

Plug Smart Bridge into Wi-Fi router

Download the FREE Lutron app

Launch the app and walk through set up.

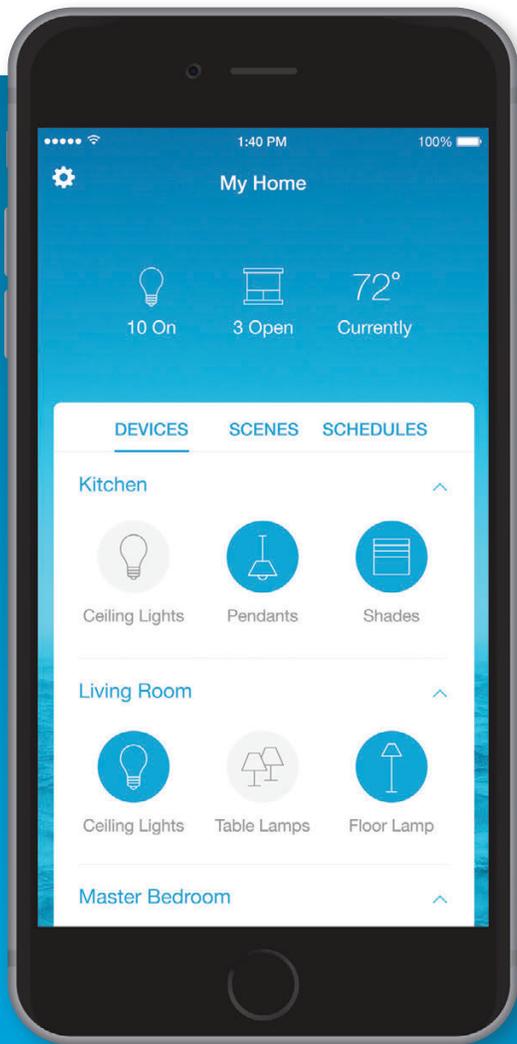

Smart Bridge

- Enables control of lights, shades, and temperature using the Lutron App
- Compatible with Caséta dimmers and switches, Serena shades, Honeywell Wi-Fi Thermostats, Nest Learning Thermostats, Sonos speakers, and the major voice assistants (Amazon Alexa, Google Home, and Siri)
- Easy to install; just plugs into your Wi-Fi router
- Uses Clear Connect wireless technology — no customer callbacks

Smart Bridge PRO

- Also compatible with Lutron Triathlon battery-powered shades and select styles of Sivoia QS Wireless shades
- Adds integration with third-party A/V remote controls and security systems
- Only available to the Pro's

Lutron App

- Control individual lights, shades, thermostats, and speakers — even when you're away from home
- Intuitive interface makes adding and scheduling scenes to adjust lights and shades easy
- Set up the system in contractor mode — bypass the homeowner registration process and quickly configure the system
- Receive notifications on your smart device if you've left lights on when you leave home
- Use the geofencing feature to automatically turn lights on as you arrive home/turn them off as you leave
- Create a lived-in look with the "Smart Away" feature, which allows you to pick several lights that will randomly turn on/off in the evening when you're away.

Expand your system

Caséta expands beyond lighting control. It works with other connected home solutions, such as shades, thermostats, ceiling fans, and even other manufacturer's apps.

Shading solutions

Eliminate glare, create privacy, and help keep a room cool, all with one touch.

Roller

Honeycomb

Lutron motorized shades

- Battery-powered; batteries last 3–5 years
- Wireless, easy to install
- Cordless design
- Available in roller or insulating honeycomb styles
- Triathlon shades and select styles of Sivoia QS Wireless shades compatible with Smart Bridge PRO only

View the full list of integration partners at CasetaWireless.com/integration.

Wireless thermostats

Control the comfort of your home from anywhere using the Lutron App and a wide range of compatible thermostats.

(available from Lutron)

Lutron-Honeywell Wireless Thermostat

- Remotely control the temperature in your home from the Lutron App
- 7-day programmable schedule
- Large touchscreen display with backlight
- Precise comfort control of temperature and humidity
- The Lutron App is also compatible with the following:

HomeKit-enabled ceiling fans

Conveniently adjust ceiling fans from the Lutron App or by using Siri®. Turn them on and off, and change speeds. And if the fan has a light attached to it, you can even adjust that, too — right from your phone.

Hunter Symphony and Signal ceiling fans

- 54" ceiling fans with either plastic (Symphony) or wooden (Signal and Apache) blades
- Both fans include an integrated light kit
- Whisperwind® motor delivers quiet, ultra-powerful air movement
- For additional product information visit hunterfan.com

Expand your system

Additional smart home technology

	<p>Amazon Alexa Create just the right light using Alexa voice control. Ask Alexa to turn lights on, off, or dim them to your favorite level.</p>
	<p>Apple® HomeKit™ The Smart Bridge contains Apple HomeKit technology, so you can use Siri® to control your lights and shades.</p>
	<p>The Google Assistant Get the lights with just your voice. Smart lighting control is now available through any Google Assistant-enabled device.</p>
	<p>IFTTT (If This Then That) Create IFTTT recipes: a sequence of conditions that when triggered (If This) cause your Caséta system to turn on the lights or open the shades (Then That).</p>
	<p>Logitech Harmony Dim lights, lower shades, and start a movie with one button press on Logitech Harmony hub-based remote controls or from the Harmony app.</p>
	<p>Nest Enhance comfort and peace of mind with the Nest family of products, including the Nest Cam, Nest Secure, Nest Protect smoke + CO alarm, and Nest Learning Thermostat</p>
	<p>Samsung SmartThings Control lights and shades from the Samsung SmartThings app, and create new routines to tie in other smart devices like locks, sensors, cameras, and more.</p>
	<p>Sonos Control your Sonos Home Sound System from a Pico remote control for audio or from scenes in the Lutron App. You can also control your lights using your voice via the Sonos One with Amazon Alexa.</p>
<p>works with XFINITY Home</p>	<p>XFINITY Home Control your lights from anywhere using the XFINITY Home app.</p>

Pro-level integration*

Security

Automatically turn off lights and close shades when arming the security system before leaving for the day. Turn lights on and open shades when disarming the system when arriving home or in the event of an alarm.

A/V

Combine all connected home solutions into one app.

* Smart Bridge PRO required for pro-level integration
