

## FINALLY, A NETWORK THAT ACTUALLY WORKS

A smart network makes for a smart home. With Araknis, you'll enjoy all the advantages of an enterprise-grade network, right in your home. Our products provide the speed and dependability your family needs to effortlessly browse the web, stream music, play videos, and more!

### FEATURES

• **RELIABLE NETWORK, DAY & NIGHT**  
The best home network is one you never notice. Movies and music are best enjoyed uninterrupted, so we make sure our products deliver a fast and reliable connection with every use. And with Araknis, the days of resetting your device via paperclip are over, because your installer can implement regularly scheduled reboots to ensure your network is always up to speed.

• **SUPPORT WHEN YOU NEED IT**  
Our products can only be installed by skilled professionals, which ensures that your network fits your space and consistently operates at peak performance. And we provide your installer with award-winning technical support and a remote-management platform, so if your network ever needs troubleshooting, it can be done in minutes, not days.

• **A LOOK YOU CAN LOVE**  
Our products are made to stand out, just not in your home. Sleek, low-profile designs help keep gear discreet or neatly tucked away.
