

Description

Leon's Horizon H2OTO MCA powered soundbar is designed to complement today's thinnest TVs while providing high-performance audio in the slimmest possible enclosure. Powered by the OTO MCA 200 amplifier, the H2OTO MCA delivers up to 200W per channel of uncompromising, distortion free audio to bring your music, movies, and television to life with stunning realism. And with a custom grill to match the exact width of any display, the H2OTO MCA creates a unified design aesthetic that can be seamlessly integrated into any space.

Recommended with A8-200

Key Features

- 4" ultra-thin, audiophile-grade woofers and 1" silk-dome tweeters provide extreme precision and musical detail
- 2.75" depth (without mounting bracket) perfectly complements any ultra-thin TV
- Includes custom, hand-stretched grill to match the width of display
- Includes OTO MCA 200 modular control amplifier
- Patent-pending design accommodates displays up to 96"
- Easily mounts above or below any TV, or directly to the wall with Leon's exclusive mounting brackets
- Handcrafted in the USA
