

T3U SERIES

The T3U series are small, elegant additions to your conference tables, lecterns, and work spaces. Plug in your laptop, power up your projector, plug in your microphone, or access a cable for your computer, the T3U handles it gracefully and efficiently. The units offer a variety of connections using interchangeable mounting plates and connectors. Available in a black, brass and nickel finishes.

POP-UP BOXES

A simple push of your hand and the pneumatic gas spring system allows smooth raising and lowering of the box for that "high tech" look and feel. The PTB handles your computer interfaces, audio, video, data and control connections on both sides of the table. Add a variety of connections using standard electrical plates or the FSR line of "Simple Solutions". Available in Black or Brass.

Pop-up connections at your fingertips

WIRELESS CHARGER

Charges cell phones equipped with "Qi" wireless chargers.

Use for fast wireless charging when attached to adaptive fast charge power supplies, will also charge at standard rates when used with standard power cords. Available in Black or White finishes.

UNDER TABLE SOLUTIONS

Easy under table connectivity without cutting a hole in your table!

IPS under table
Choose from a large variety of connectors that accommodate any application. Mounting hardware is included. Customizing just became standard. Visit us online and use our drag and drop IPS Designer to customize your Table Box!

Wire Marshall
This system provides clean, elegant cable management in table designs that lack a pedestal for hiding cables and power as they transition from the table boxes to the floor.

Under table rack shelving
WM-UTR1 or WM-UTR2 Under Table Rack shelving mounts multiple pieces of AV, Digital, or Data equipment to the underside of tables with easily access.

HUDDLEVU BUNDLES

From a single computer, to a full classroom or multi-media boardroom, HuddleVU will distribute and process with cost-effective quality.

Larger collaboration systems and the award winning Dugout are also available!

We created 3 HuddleVU Works bundles, the **Mini**, the **Classic**, and the **Platinum**. Each bundle comes with all the essentials. You select the height and finish of your table, and then add the flat screen. If you want to be creative, each bundle has a range of options. All HuddleVU Bundles are shipped with the table box mounting brackets, AC distribution, and wire management installed. All holes for the table boxes are pre-cut!

HuddleVU Works - Mini

The "Mini" bundle is perfect for 2 to 4 users. A 4 user HV-1000 including the smart looking table box with color coded cables, brackets and electronics are included.

HuddleVU Works - Classic

This system is your "go to" for up to 6 users. The Classic bundle comes with one HV-T6 table box, two HV-T3 table boxes, 2 HDMI switchers, control unit, and cables.

HuddleVU Works - Platinum

Designed for ultimate control and up to 7 users. A FLEX touch panel control system is built into the T6-FLEX table box. Two HV-T3 table boxes, scaling switcher, control unit, and cables are included.

WIRING STAR

Podium

Credenza

Desk

The WS-1 Wiring Star makes quick neat work of storing extra cable length under tables, behind desks, in podiums and credenzas. With its concentric dual coil design and variety of attachment points, multiple cables can be wrapped neatly in their own cable path reducing cross cable interference. It helps prevent cables from being damaged and provides tangle free cable management.

ACCESSORIES

Our full line of connectivity solutions including Mounting Plates, Connectors and Cabling, Intelligent Plate Solutions (IPS) and Simple Solution (SS) lines give you a wide variety of interconnect solutions to satisfy any AV interface application and accessorize your table boxes.

CAD Drawings of all FSR Table, Floor and Wall Boxes are all on our website.

TABLE BOXES

Bringing Elegant Cable Access To Your Infrastructure

Created to Amaze

T3 SERIES

NEW 2 button, 2 LED models available.

T3-IPS

The box interior is ready to accept the appropriate combination of FSR's IPS connector plates with two IPS spaces provided. Brackets with cable pull openings are provided for; a single cable (HDMI or Display Port), 1 HD-15 (VGA) cable with 1/8" audio cable or two HDMI or Display Port cables to be stored safely under the cover and easily deployed when needed.

T3-MJ+

The T3-MJ+ is the first elegant mount for a gooseneck microphone! This stylish, mini table box is available in three finishes (brass, silver or black) and in square or round style faces. Perfect for conference and boardroom tables, judicial benches, courtrooms, and more.

T3-DV2S

US Patent # D553,306 S
The T3-DV2S is HD ready with a bulkhead mounted HDMI connector and two keystone openings for FSR's snap-in USB charger (other connectors optional). An AC outlet with cord is included to power a laptop or mobile device. Optional one or two push button LED is available to operate and provide status from control systems. Easily wired output using captive screw terminals. Round or square cover choice, in aluminum, black or brass finishes.

TC-CHRG

The Table Coaster AC Charging Table Boxes are designed with a single AC outlet under the hinged cover and two USB charging ports on the top of the unit.

T6 SERIES

2 Button, 2 LED models available.

T6 Table Box

A larger version of our popular T3 Series, includes three integral AC outlets (isolated), plus ample connector space for IPS plates, snap-in connectors and captive cables. Close the cover and cables exit through the curved openings.

T6 FLEX

Encased in our elegant T6 tableboxes, is the Flex control system. A powerful and yet affordable solution. Perfect for nearly any installation, it features a 3.5" color LCD touchscreen and has IPS Snap In connection points.

This symbol indicates the device is **RETRACTOR Ready** and accepts the number of retractors shown in the circle.

T6 / RT6 BRACKETS

The various internal brackets available are designed to contain AC, USB Chargers, Cable Pulls, Cable Retractors, Snap-In Keystone Connectors, or IPS Solutions. Our T6 Table Box insert brackets and Cable Retractors are available for our new Revolution Table Box Series.

TABLE BOX CONFIGURATOR

Use our online drag and drop configurator tool to customize your T6 and TB-IPS/Bose Table Boxes.

TILT-UP BOXES

TB-AVAC

A smaller tilt top style table box for AV/IT Applications. The box has one integrated UL-Rated AC receptacle and ships with two different connector plates (HDMI or DisplayPort connectors, HD-15 connector, and keystone connectors). Our full line of Simple Solutions (SS) keystone snap-in connectors and panel mount HDMI & DisplayPort dongles can easily be used with the TB-AVAC.

TB-CHRG

A small format tilt top style table box along the same line as the TB-AVAC but has a built in AC Duplex Receptacle with 2 integrated USB Chargers as well. The UL-Listed 15 Amp, 125 Volt AC duplex receptacle has a 3.8 Amp charging section with two USB type 2.0 charging ports (5 Volt DC each). *Charging options at 12 Volts to make quick charge of tablets and other personal devices.

The **TB-IPS** is a tilt top style box that can be easily custom configured for any job. The unit has openings for up to (8) single IPS insert plates or a variety of multiple plate arrangements.

The **TB-BOSE** and **TB-BOSE-IPS** table boxes are tilt top style table boxes designed specifically to contain a Bose™ FreeSpace 3 Surface-Mount Satellite Cube Speaker. Speaker provided by customer.

REVOLUTION SERIES

Revolutionizing the integration of AV, IT, and Power — all in the same box.

The REVOLUTION Series Table Boxes are available in various shapes to match your needs and designs. Select square or rectangular boxes, dual rectangular boxes for those larger tables, or a clamp on table unit.

A full line of insert brackets and cable retractors are available. The internal brackets are designed to hold AC, USB Chargers, Cable Pulls, Cable Retractors, snap-in Keystone Connectors, and FSR's full line of IPS (Intelligent Plate Solutions).

All models are shipped with universal bracket(s). Each bracket allows mounting of four IPS, six cables or can be used to block a section of the table box.

The **RT6-S3** Table Box is a square box with spacing for any three T6 series large brackets mounted vertically to suit your individual applications. It can also hold up to 8 cable retractors and still have space for AC and USB chargers.

The **RT6-RD4** Table Box is a rectangular box with spacing for any four T6 series large brackets mounted horizontally facing opposite sides of the box. Individual covers for each side handle your individual applications. It can also be configured to hold up to 16 cable retractors or 8 retractors and still have space for AC and USB chargers.

The **CLAMP** is a table edge version of the RT6-R table box. It incorporates a tool-less, quick-use clamp to attach to any table or counter edge (with thicknesses ranging from 1/2" to 1 3/4"). The CLAMP has spacing for any 2 T6 series large brackets mounted vertically next to each other to suit your individual applications. It can also be configured to hold 4 cable retractors and still have space for AC and USB chargers.

CABLE RETRACTORS

Tangle-Free Cable Management is here at last!

FSR's cable management system offers convenience as well as cable storage and protection, hiding unsightly cables when not in use. The cables can be quickly deployed by the user and extend up to four feet. A simple pull and release of the extended cable is all that is needed to return the cable to the reel. No button release is required. The retractors can also be mounted in a horizontal position under a table surface to maximize space and provide clearance for seating.

Cable Retractors work flawlessly with our RT6 Series Table Boxes.
