# SELF CONTAINED CHARGERS WITH THE COMPATIBILITY & POWER YOU NEED

**FSR chargers support the latest 12 Watt charging standards to maintain a full charge in the fastest possible time.**

## DC Powered USB Chargers

FSR offers a full line of charging solutions for your iPhone®, iPad® or any smart device in a variety of form factors to meet your installation requirements. The chargers communicate with your device and provide it the correct charging wattage, up to a full 12 watts. All models come complete with a universal power supply.

IT-USB-CHRG

- Wall plate DC to USB charger
  - Available in White or Black
- Patent Pending

SS-USB-CHRG

- Keystone DC to USB
  - Available in Black
  - Snaps into a standard Keystone Opening.
- Patent Pending

IPS-D717S

- IPS DC to USB Chargers
  - Available in White, Ivory or Black
  - Input: 100-240VAC, 50-60Hz, 0.6A
  - Output: 15VDC 1.2A
  - The USB SNAP-IN Output is 5.2 VDC 2.4A
- Patent Pending

## POE to USB Chargers

Using FSR's PoE to USB chargers, you can power and charge USB devices such as an iPad® from a POE-Ethernet drop without the need for AC line power. The IT-CHRG-P2U "cube style" model can be mounted in a 2-gang wall box behind an FSR IPD wall mount or other wall mounted USB devices. Both units emulate the Apple™ charging circuit to avoid annoying pop-ups. The IT-WPCHRG-P2U Decora style models fit directly into a standard gang box and are available with white, black or ivory cover plates.

- Powers/charges USB devices without an AC line
- Universal USB charger
- Power "ON" indicator
- IEEE 802.3at (802.3at Type 1) Class 0 compliant

IT-WPCHRG-P2U

- POE to USB Universal, Charger Wallplate
- Available in Black or White or Ivory

IT-CHRG-P2U

- POE to USB Universal, Charger Cube

## Distribution for FSR's DC Powered USB Chargers - SS-USB-CHRG-PS6
