

LEGION

RACKS

ABSOLUTE STRENGTH

Featuring heavy-duty welded construction in a stout steel frame, Legion Racks deliver strength you can count on. They're equipped with active cooling, superb customization, and a build that supports the heaviest equipment.

CUSTOMIZE YOUR STRENGTH

Legion Racks feature adjustable rack rails, lockable and removable side panels, a reversible glass front door, and a lockable split back door, providing a custom fit for your equipment that's easy to service.

AIR FLOW MANAGEMENT

For system longevity, Legion Racks come with vented shelves and blanks, plus built-in fans to keep equipment running cool.

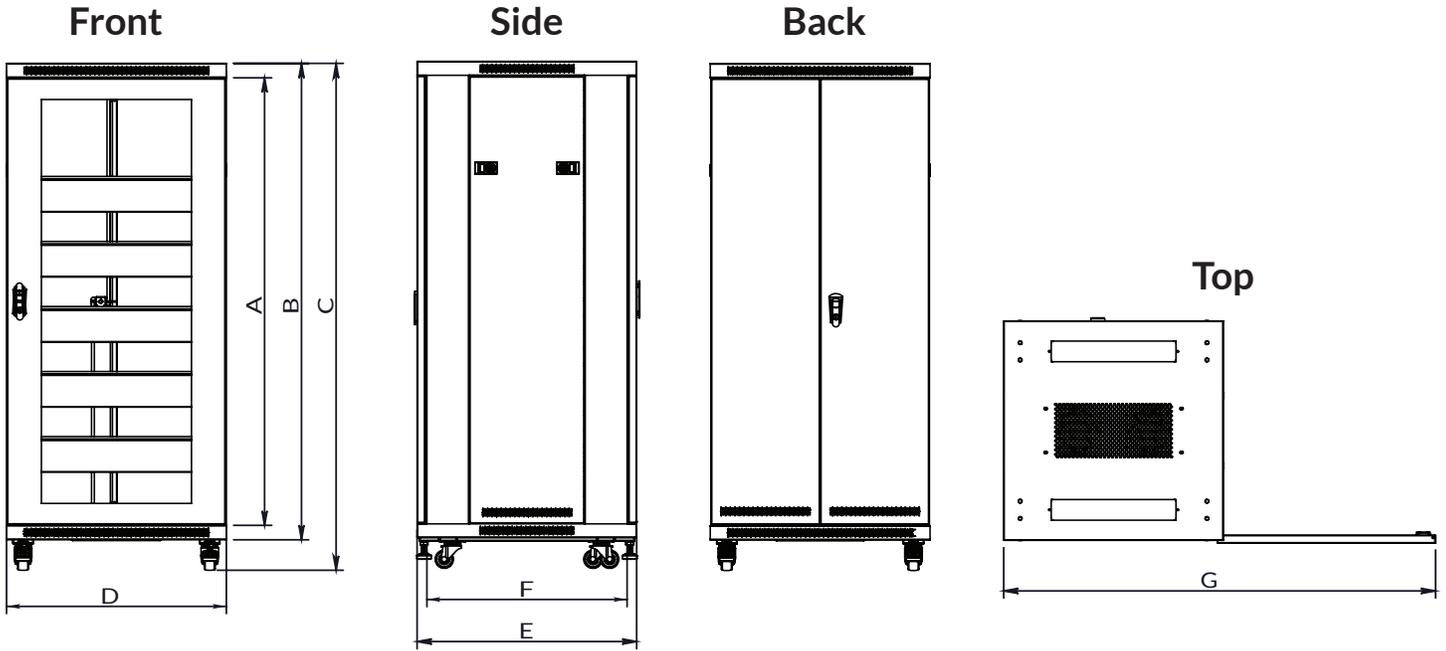

STRENGTH IN NUMBERS

Legion Racks are built in four sizes, giving you the perfect fit. And with a smooth, powder-coated finish, these racks can hold up to years of use.
