

### **FULLY ASSEMBLED RACK SYSTEM WITH INTEGRATED COOLING**

This Strong™ rack system is a real beauty, but good looks aren't the only thing its got going for it. The FS family of racks features active cooling that keeps equipment operating efficiently over time, and built to be slim enough to fit in narrow closets and other tight spaces with ease.

---

### **SHARP IMAGE**

This rack takes good looks to a whole new level, featuring a locking reversible smoked glass door and deep black powder coat finish from top to bottom, including the casters.

### **SUPERB VENTILATION**

The key to a reliable rack is maintaining a steady, cool temperature – meaning proper ventilation is a must. That's why this product features active cooling to keep air moving up and out, so equipment stays safe and works effectively.

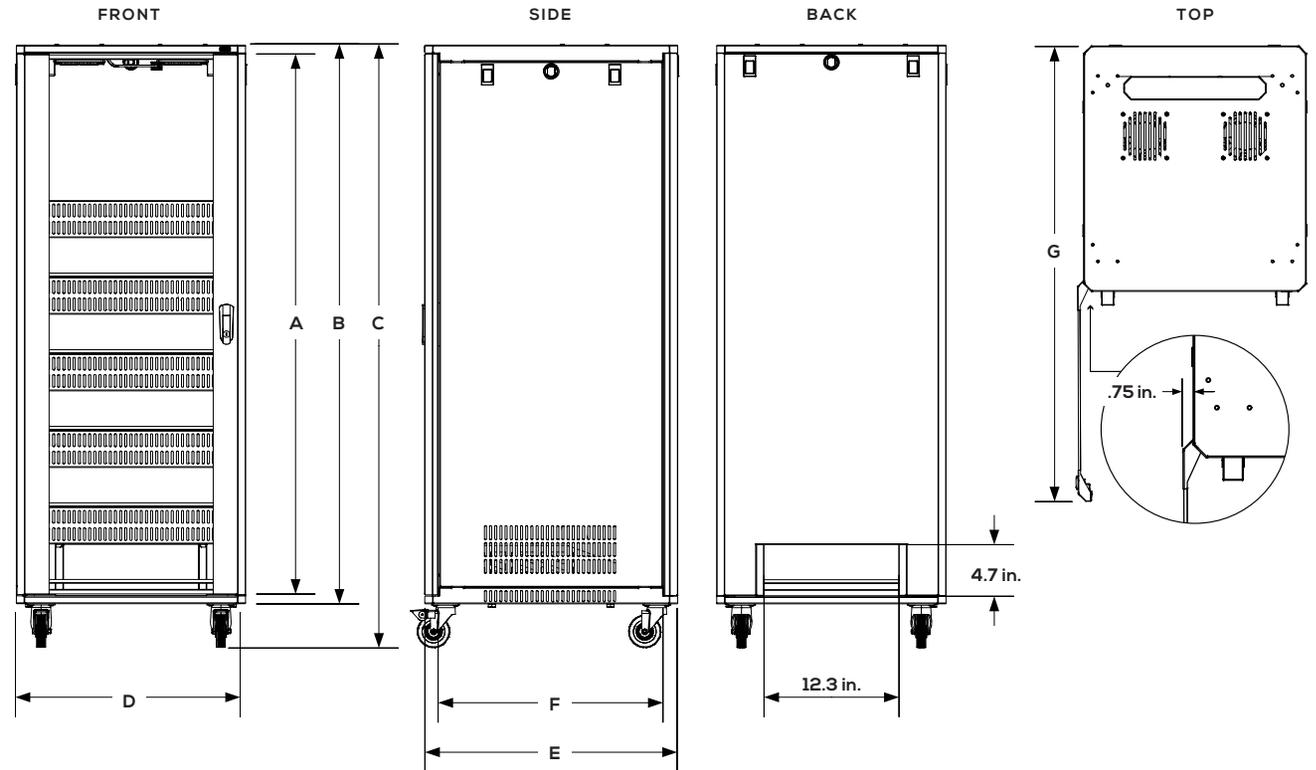

### **SLIM AND TRIM**

This fully assembled rack system has been engineered from the ground up to be narrower and lighter– so it easily fits in closets, corners, and other tight spaces.

### **FULLY LOADED**

Includes side and rear panels, fine floor casters, shelves, and vented panels for a clean, professional finish.

**LIFETIME LIMITED WARRANTY:**

Strong™ Racks and Rack Accessories have a Lifetime Limited Warranty. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. This warranty shall not apply to products which have been abused, modified or disassembled. Products to be repaired under this warranty must be returned to SnapAV or a designated service center with prior notification and an assigned return authorization number (RA).
