

Simplified Smart Audio

Episode WAKE Amp – In-Wall Bluetooth Amp

The Episode WAKE Amp breaks down the barriers of complicated audio systems by connecting all of your speakers to your smart voice assistant* for an effortless listening experience.

Smart Music, Simple Control

Simply ask your voice assistant to play a song and music plays through your home audio system. The WAKE Amp also has built-in buttons to control the music or volume.

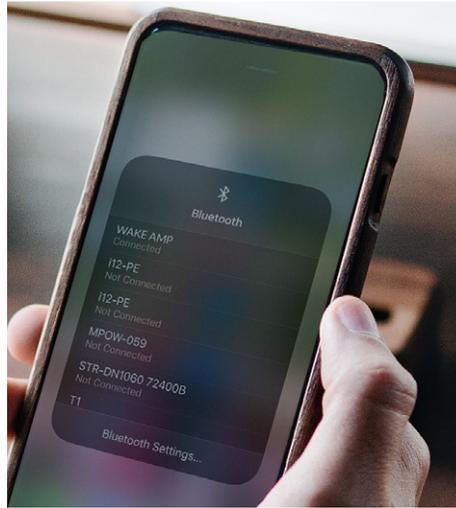

Unmatched Reliability

The WAKE Amp uses commercial-grade Bluetooth for a strong signal and enhanced range. Plus, it fits into a single gang electrical box, so it blends right in.

Great Sound Your Way

The WAKE Amp gives you customized sound based on your specific setup, with functions like high-pass filters based on speaker size, tone adjustment, and more.

*Voice assistant sold separately
