	UL 60950-1

* Specifications subject to change without notice.

Simple Control

With this power distribution unit, resetting a cable box or other device is as simple as flipping a switch. No confusion, frustration, or house visits from the dealer who installed the equipment.

Automatically Disconnects

There's no risk of overloading the unit and damaging equipment – a built-in circuit breaker will automatically disconnect if needed.

Front-Facing Buttons

Installed on the outside of a cabinet or rack, this unit ensures that the switches for all the equipment are easily accessible.

LIMITED LIFETIME WARRANTY

This WattBox™ product has a Limited Lifetime Warranty. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. This warranty shall not apply to products which have been abused, modified or disassembled. Products to be repaired under this warranty must be returned to SnapAV or a designated service center with prior notification and an assigned return authorization number (RA).
