Leon's Tonecase FIT™ mounting system is designed to complement and conceal the Sonos® Playbar®. The Tonecase FIT mounts the Playbar directly to the TV with multiple points of articulation, allowing the sound to move in concert with the display. Each system is outfitted with a custom-sized grill covering built to match the exact width of the TV, fully integrating the Playbar with the display for a designer look.

- Mount the Sonos Playbar directly to the TV or wall with multiple points of articulation
- Available in 2 sizes to accommodate displays up to 90"
- TcFIT & TcFit-OS include a custom grill built to match the exact width of the TV
- Custom grill options available to match the exact contour of the display, including accommodations for logos, IR sensors, etc.
