

# This changes **EVERYTHING.**

TV? Yes!  
And lights,  
climate,  
security &  
more...

## The Product That Makes Your Home Smarter.

### *The MRX-8 will change how you live.*

The multi-award winning URC MRX-8 Compact Controller is the new ideal way to make the move to adding simple, powerful automation to your home. Small in size but huge in value, this central controller allows you to take charge of one room or your entire home and yard—from across the room or across the globe.

- Automate your entertainment, lighting, climate, security & more.
- Works with the most popular connected home products such as Sonos®, Lutron®, Honeywell®, Nest®, DirecTV® and countless others.
- Includes URC mobile™   for smartphone and tablet control—as many devices as you have.
- Monitor and make adjustments at home or while away.
- Can be personalized to suit your every need.
- Can be installed for one-room control up to the whole house!

**ONLY \$599 USD RETAIL** plus professional installation and programming  
*Ask your URC Distributor for international prices.*

**Add a remote for \$399 USD Retail**
