

WPS-MNT-5PA-IC-WH

In-Ceiling Mount for WPS-500-PTZ-A Cameras

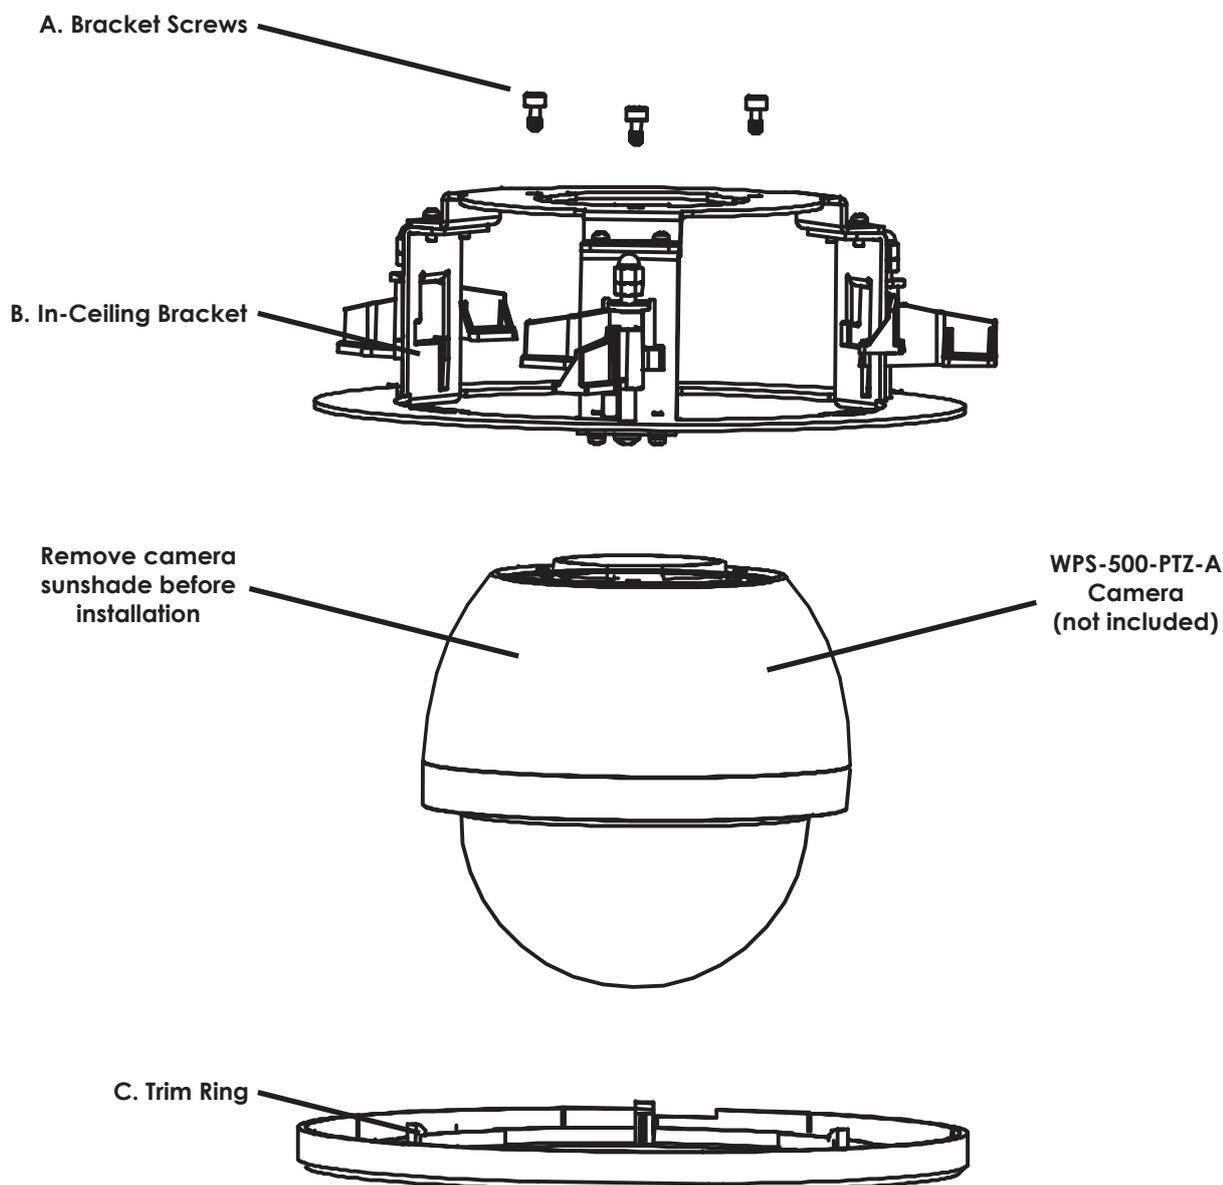

Thank you for purchasing a Wirepath™ Surveillance accessory. This in-ceiling mount allows you to install a Wirepath WPS-500-PTZ-A Analog PTZ camera into a ceiling so that only the dome is exposed. This product is used for installation in ceilings with a maximum thickness of 1.3" (33mm).

Mounting and Use Guidelines

- Install only in areas where water cannot enter the opening made for the bracket.
- Ceiling must be able to hold the weight of the mounted camera assembly.
- Secure the camera assembly to the ceiling structure with a tie wire where required by building codes.
- Instructions for using this accessory may be found in the manual included with the Wirepath PTZ camera.

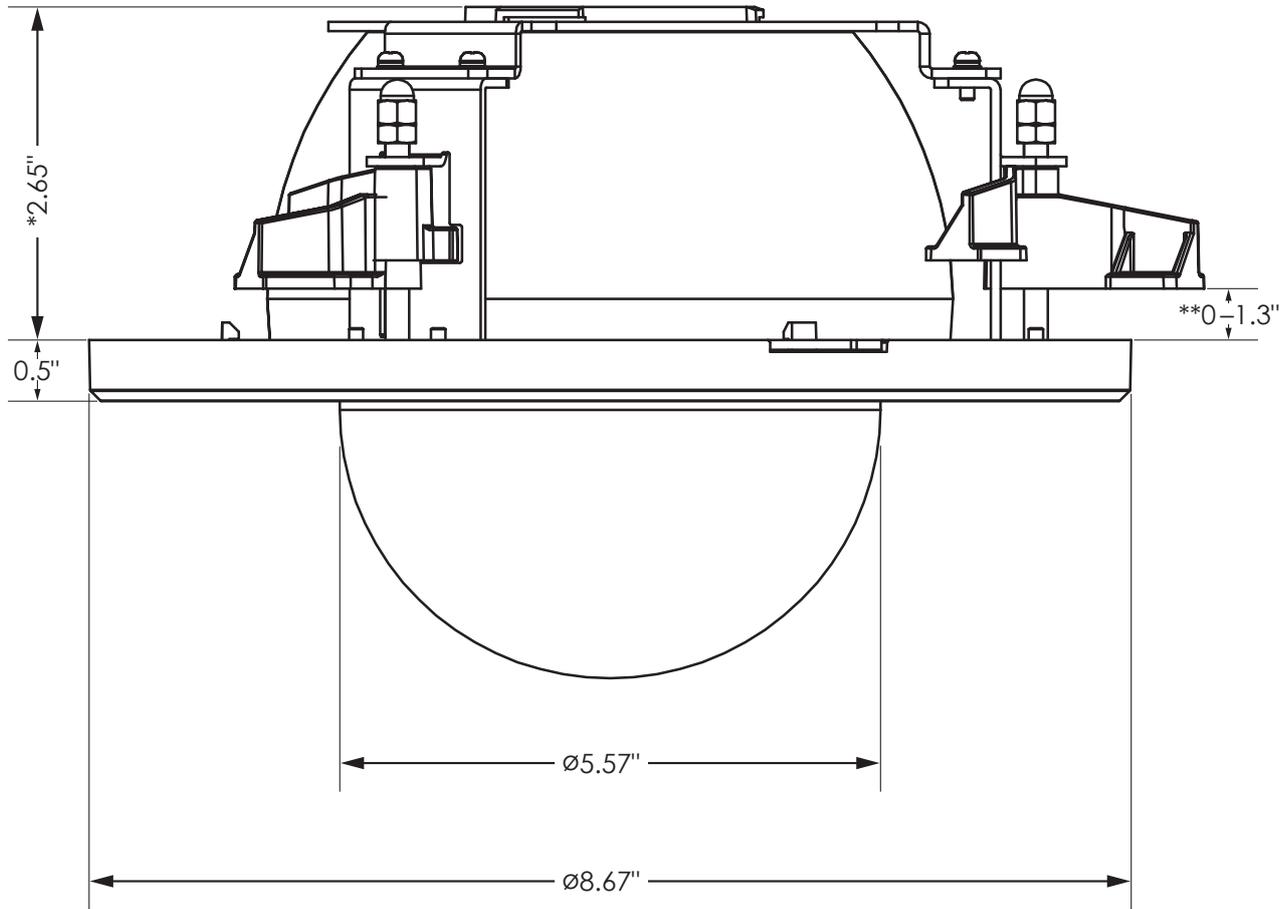

Package Contents

- A bracket screws (3)
- B in-ceiling bracket
- C trim ring
- cutout template (not pictured)

In-Ceiling Mount for WPS-500-PTZ-A Cameras

Dimensions

* Dimension includes height of camera installed in the bracket.

** Represents the range of ceiling material thickness the dog toggles can clamp to.

Specifications
